

SERMACS 2017 Human to Hybrids
Save the Date November 11, 2017

The Southeastern Regional Meeting of the American Chemical Society

6-12 Chemistry Educator Day
Saturday, November 11, 2017

Come and participate in the 6-12 Chemistry Educator Day designed to provide you access to professional chemists, chemistry researchers and educators. You will participate in

- make and take activities for challenging chemistry topics
- learn about chemistry resources
- work with and get to know regional 6-12 chemistry educators
- hear the SERMACS keynote speaker Dr. Eric Scerri "The Periodic Table: Its Story and Its Significance"
- see high school and undergraduate research
- and more....

Included in your \$10 registration fee are lunch, materials, renewal credit, and the opportunity to participate in all conference activities November 7-11, 2017. 6-12 Chemistry Educator Day, Saturday, November 11, 2017 will begin at 8 am and conclude at 4 pm followed by Dr. Al Hazari's Chemistry Demonstration Extravaganza. Plan to participate fully. After you register, more detailed information will be sent prior to November 11, 2017.
